Saved translations

These are snapshots the learner saved after reviewing their own work. They have not been graded or certified correct by viaFlaminia.

2 saved translations

1. Puella aquam portat.

Saved 24 Oct 2026 · 3 source words

Source text

Puella aquam portat.

Learner's translation

The girl carries water.

Learner's reflection

The ending -am helped me find what the girl was carrying.

2. Nauta poetam salutat.

Saved 23 Oct 2026 · 3 source words

Source text

Nauta poetam salutat.

Learner's translation

The sailor greets the poet.

Learner's reflection

Both words end in -a in the dictionary, but here poetam is the object.

Journey activities

0 of 14 main-route stops have their required journey activities completed. Current location: Roma.

Next required stop: Roma.

This records progress through the journey's tasks. It is not a measure of school syllabus coverage or language mastery.

Current learning plan and class goals

First steps in Latin

School year: Year 1

Course or textbook: Class Latin · introductory readings

Teacher guidance

Explain how case endings connect the people and actions in a sentence.

First declension

Singular and plural forms; recognise the case in a sentence.

Core case functions

Subjects, objects, possession, recipients and common ablative uses. Class study goal; this report does not measure its completion.

Roman life and the ancient world

Connect class texts with everyday life, places and historical context. Class study goal; this report does not measure its completion.

Additional class goals

Read a short passage aloud before translating it.

These are teacher or learner notes, not assessed outcomes.
